**Summary of reasons
for classification:**

The DVD *Con Air: Extended Edition* is classified as:

Objectionable except if the availability of the publication is restricted to persons who have attained the age of 18 years.

The DVD contains a feature that is identical in content to the 35mm film previously examined and classified by the Office of Film & Literature Classification. There is a slight difference in running time which is primarily due to the difference in format. The 35mm film *Con Air* was classified as "Objectionable except if the availability of the publication is restricted to persons who have attained the age of 18 years". This decision was registered on 04 June 1997 (No. 9700476).

The difference in running time does not provide grounds to alter the classification given to the original publication.
